Call for Artists

Requests for Proposals (RFP) for Ivy Tech Community College Fort Wayne
Public Art Installation

The Project

Ivy Tech Community College Fort Wayne is seeking an artist(s) to create site-specific original artwork as part of the College’s celebration of its 50 years in Fort Wayne (1969-2019). Ideal installation of the artwork would be located on the College’s Coliseum Campus, 3800 North Anthony Boulevard, Fort Wayne, Indiana 46805, near the entrance of a greenspace plaza at the corner of Coliseum and Anthony. This opportunity is open to established professional artists living in northeast Indiana’s 11-county area. The application deadline is 5:00 p.m. (Eastern Time), January 15, 2019.

The Award

A maximum of a $12,000 commission (all inclusive of design, materials, construction, installation) for the artist(s) selected to realize his/her work.

Project Intent

The location for the public art to be installed will be at Ivy Tech Community College Fort Wayne’s Coliseum Campus, near the entrance of a greenspace plaza at the corner of Coliseum and Anthony (close to the new pedestrian bridge on campus). The vision for this project is to create a signature work of exceptional quality and enduring value located in a prominent public space. This site-specific art work should:

Demonstrate artistic excellence.

- Serve as a gateway to campus, its greenspace, and to the pedestrian bridge.
- Enhance the entry to campus and bridge with a distinctive aesthetic experience both highly visible and welcoming to pedestrians and bicyclists.
- Highlight the importance of the College as a community-serving higher education institution, and provide a recognizable identity for Ivy Tech.
- Be an original art piece appropriate for outdoor installation able to stand up to severe weather, vandalism, graffiti, etc. and be adequately and safely displayed and secured.
- Consider site limitations (see proposed possible locations – images attached as appendices). Ground space on the site is limited and will require the selected artist(s) to consider the site’s limitations and the art element placement. The design of the artwork should be freestanding yet installed and secure meeting any recommended City of Fort Wayne code and state statutes (including IC5-16) for safety reasons.
- Create a signature presence for Ivy Tech as a gateway to campus, the green space, and the pedestrian bridge. This can be whimsical and/or colorful; incorporate an image or feeling of higher education, lifelong learning; reflect on 50 years in Fort Wayne, progression, transformation, and college roots as a trade school; or, highlight the important work Ivy Tech does for the workforce of northeast Indiana. It should be welcoming, inclusive, and represent diversity.
- Provide excitement and interest for the community as a whole.
- Celebrate Ivy Tech Community College Fort Wayne’s identity and 50-year history.
